JOINT STATUS REPORT
CONCERNING LOCAL RULE 116.5(C)

The parties file this status report in connection with the final status conference of the above-captioned matter scheduled for March 8, 2005:

1. The United States is not aware of any outstanding discovery issues not yet presented or resolved by the Court.
2. The United States does not anticipate providing any additional discovery as a result of future receipt of information, documents, or reports of examinations or tests. The United States will promptly inform the defendant if its intentions change in this regard.
3. The United States is not aware that the defendant intends to raise a defense of insanity or public authority.
4. The United States hereby requests a notice of alibi by the defendant.
5. The United States is unaware of any intention on the part of the defendant to file motions to sever, dismiss, or suppress, or any other motion requiring a ruling by the District Court.
6. The defendant has stated to the United States that he intends to schedule a change of plea hearing upon referral to the District Court.
7. The court has already excluded the following time under the Speedy Trial Act:
 - October 14, 2004 (the date of the defendant's initial appearance) through December 6, 2004 (the date of the initial status conference).

- December 6, 2004 (the date of the initial status conference) through January 7, 2005 (the date of the interim status conference).
- January 7, 2005 (the date of the interim status conference) through March 8, 2005 (the date of the final status conference).

Once the matter is referred to the District Court for a change of plea hearing, the United States will seek to have the time between the final status conference and the plea hearing excluded under the Speedy Trial Act.

8. The parties do not anticipate a trial, but should the matter need to be resolved via trial, the government anticipates a trial would last five trial days.
